Wintry showers falling on to cold surfaces leading to some icy stretches this morning

What to expect

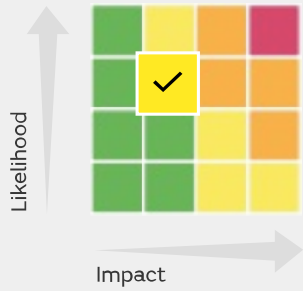
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Sporadic wintry showers feeding into north Wales and parts of northwest England will lead to some icy stretches forming.

What should I do?

Keep yourself and your family safe when it is icy. Plan to leave the house at least five minutes earlier
than normal. Not needing to rush, reduces your risk of accidents, slips, and falls.
If you need to make a journey on foot, try to use pavements along main roads which are likely to be
less slippery.



✓ Medium likelihood of low impacts
